

LOCAL RULE # 11 – TRIP FOR TRIP

A temporary vacancy in the Assigned Freight Pools, East and West, will be filled by the senior *unassigned pool* (eff. June 29, 2007) Locomotive Engineer desiring the run at the Home Terminal. An Engineer filling such vacancy must lose the equivalent number of trips off his regular run immediately.

Engineers with pool rest may break that rest in order to avail themselves of the opportunity to take the vacancy.

- i) If the Locomotive Engineer wants to continue on the vacancy they must advise the Crew Management Centre and be available for the next call.
